Curriculum

St Catherine's community believes in the inherent beauty of every child in our care formed in the image of God. The responsibility to provide a climate whereby each student has opportunities to grow in this image is shared by St Catherine's Administration and Staff who complement the parents. This responsibility is present whether the student begins at Prep, Year One or at any other point during their years of primary schooling.

St Catherine's Primary School aims to empower its students to become autonomous thinkers and self-confident learners so that they have the necessary attitudes, processes, skills and knowledge to meet their widening, ever-changing personal and social needs. The curriculum is diverse to provide a range of learning opportunities for students to increase their knowledge and skills, particularly in the ten key Learning Areas:
